Douglas Earns FANUC Honors

ALEXANDRIA, MN. (April 25, 2014) – The success of Douglas' TriVex® top load robotic case packers was recently honored at the 15th Annual FANUC America Integrator Conference. Douglas was recognized with three distinct awards. The first award exclusively honored Douglas for providing a robotic automation solution with integrated vision technology for packaging product in a retail ready display case. The second award was presented for achieving an exemplary level of sales in 2013, and the third acknowledged the overall growth in sales from 2012-2013. "We are honored to receive the awards and appreciate the support FANUC has provided us," said John Thomas, Top Load Team Leader, Douglas employee owner.

About Douglas Machine Inc.

Founded in 1964, Douglas Machine Inc. is recognized as a global leader in automated secondary packaging solutions for paperboard, corrugated, and shrink film. The company specializes in the design and manufacture of cartoners, sleeves, case/tray packers, and shrink-wrap systems. Based in Alexandria, MN, Douglas is an employee-owned company that has installed more than 7,000 machines in 30 countries. For more information, visit www.douglas-machine.com.
