Douglas Launches New TriVex® RLi Top Load Case Packer

ALEXANDRIA, MN. (September 26, 2014) – Douglas launches the new TriVex RLi top load case packer, offering fully integrated combinations of case erecting, loading, and sealing with glue or tape to meet specific customer applications. The TriVex RLi meets the growing market demand for unique product configurations and orientations, such as horizontal flat packs and vertical retail ready displays which are an integral element for sustainability and cost reduction initiatives in secondary packaging.

The TriVex is designed with excellent machine accessibility, simple changeovers, and precise product control for case packing bags, pouches, cups, bottles, and more.

About Douglas Machine Inc.

Founded in 1964, Douglas Machine Inc. is recognized as a global leader in automated secondary packaging solutions for paperboard, corrugated, and shrink film. The company specializes in the design and manufacture of cartoners, sleeves, case/tray packers, and shrink wrap systems. Based in Alexandria, MN, Douglas is an employee-owned company that has installed more than 7,000 machines in 30 countries. For more information, visit www.douglas-machine.com.
