The Douglas TriVex® SL/SLi Fulfills Retail-Ready Market Needs

ALEXANDRIA, MN. (September 28, 2015) – Douglas employee owners are excited to debut the robotic TriVex SL/SLi top load case packer. This top load packs bags, pouches and cartons in a standup configuration into retail-ready cases with one or two product facings. With speeds up to 150 products per minute, the dual Scara robots combine the functionality of a product infeed, pack pattern collation and case loading functions into one mechanism.

About Douglas Machine Inc.

Founded in 1964, Douglas Machine Inc. is a global leader in automated secondary packaging solutions for paperboard, corrugated and shrink film. The company specializes in the design and manufacture of cartoners, sleeves, case/tray packers and shrink-wrap systems. Based in Alexandria, MN, Douglas is an employee-owned company that has installed more than 7,000 machines in 30 countries. For more information, visit www.douglas-machine.com.
