Douglas' Stratum™ Palletizers Advance You to Full Automation

ALEXANDRIA, MN. (November 19, 2015) – The employee owners of Douglas Machine Inc. are proud to launch the Stratum line of Robotic Palletizers. Systems dispense and convey pallets, manage case delivery, place slip and tier sheets, and utilize robotics to palletize cases. Designed to be integrated with Douglas packing equipment, Stratum palletizers complete your packaging process from start to finish.

About Douglas Machine Inc.

Founded in 1964, Douglas Machine Inc. is a global leader in automated secondary packaging solutions for paperboard, corrugated and shrink film. The company specializes in the design and manufacture of cartoners, sleeves, case/tray packers and shrink-wrap systems. Based in Alexandria, MN, Douglas is an employee-owned company that has installed more than 7,000 machines in 30 countries. For more information, visit www.douglas-machine.com.
