Case Packer for Frozen Food Products Provides Maximum Flexibility

ALEXANDRIA, MN (July 31, 2019) – Douglas' Axiom® IM Case Packer met a customer's need to package frozen food cartons. The solution incorporates a shuttle bucket infeed capable of two products in the direction of travel and a Velocity® Stacker to form multiple layers. The machine flexibility allows the customer to run single cartons and multipacks into wraparound and harness style cases and full depth trays at speeds up to 34 cases per minute.

About Douglas Machine Inc.

Founded in 1964, Douglas Machine Inc. (Douglas) is a global leader in automated secondary packaging solutions for paperboard, corrugated and shrink film. The company specializes in the design and manufacture of case & tray packers, shrink wrap systems, cartoners, sleeves, multipackers and palletizers. Based in Alexandria, Minnesota, Douglas is an employee-owned company that has installed more than 11,000 machines in 30 countries.
