This Simplifies Everything: Douglas Expands CpONE™ Platform

ALEXANDRIA, MN. (October 24, 2019) - Douglas is excited to announce the expansion of our patent-pending CpONE™ Intermittent Motion Case Packer Platform! CpONE is now more configurable with the addition of reduced footprint and technology options that bring even more value to slower speed applications. With up to 40% fewer parts, 30-50% fewer lubrication points and 45% fewer change points, the CpONE is simpler to operate, maintain and clean. A CpONE suited for you ... This simplifies everything.

About Douglas Machine Inc.

Founded in 1964, Douglas Machine Inc. (Douglas) is a global leader in automated secondary packaging solutions for paperboard, corrugated and shrink film. The company specializes in the design and manufacture of case & tray packers, shrink wrap systems, cartoners, sleeves, multipackers and palletizers. Based in Alexandria, Minnesota, Douglas is an employee-owned company that has installed more than 11,000 machines in 30 countries.
